

**REMARKS**

Claims 1-107 are pending. Claims 1, 84, 86, 90, 92, 94, 96, 98, 100, 102, and 104 have been amended to more particularly point out and distinctly claim that which Applicants consider to be their invention. Specifically, each of claims 1, 84, 90, 92, 94, 96, 98, 100, 102, and 104 was filed with certain provisos after the recitation of formula (IV). Because the provisos were not originally included for any prior art reasons, Applicants have now deleted these provisos to ensure that each and every compound of formula (IV) disclosed in the present specification and claims falls within the scope of the independent claims. Claim 86 has been amended to correct an obvious omission. Support for all of these amendments can be found in the original specification and claims. No new matter has been added. Applicants now await an action on the merits.

Please charge any additional required fees to our deposit account 06-0916 if necessary.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
